## ICTC Monthly

November 2016

Greetings Coalition Members,

The aftermath of last week's election has left many children feeling marginalized and particularly vulnerable. The Illinois Childhood Trauma Coalition experts partnered with Lurie Children's to develop a post-election message with resources to help professionals, families and all who work with children and youth provide the words and support that can help them to be resilient in these times. While many youth and children are confused and worried, there are particular groups that are despondent, and we encourage you to share this information widely with those working with youth in schools and mental health centers where these children may seek support. Click [HERE](#) for this important resource in both Spanish and English.

In addition, we invite you to join us for a webinar entitled, *You Are Not Alone: Mental Health Resources for Marginalized Youth and Families*, on Friday, November 18th at 11:00 AM CST. Click [HERE](#) for more information and registration.

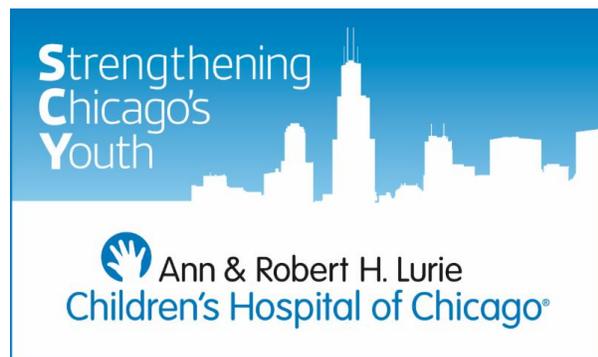

As always, if you have important news to share, job openings, funding opportunities, or relevant information related to childhood trauma, we want to hear from you! Please reach out to us at [ictc@luriechildrens.org](mailto:ictc@luriechildrens.org) to be included in next month's newsletter.

## In the Spotlight

[Strengthening Chicago's Youth](#) (SCY), a violence prevention collaborative convened by Lurie Children's and members of the ICTC, received a \$136,502 grant from Cook County under the Office of Juvenile Justice and Delinquency Prevention (U.S. Department of Justice) [Safe and Thriving Communities](#) program. This project seeks to address the critical needs facing 14-24 year-old youth in the targeted South Suburban communities of Ford Heights, Robbins, and Harvey.

Through stakeholder collaboration, the project will identify strategies and initiatives that work to reduce youth violence and exposure to violence providing alternative services and supports to foster better youth outcomes. SCY will be a part of the strategic planning process and will assist with facilitation and conduct a community needs assessment. Please join me in congratulating their good work!
