

Bullying Can Tear a Child Apart

Emotionally and Physically...

PIECE BY PIECE

It's more than just teasing, more than kids being kids.

Bullying is cruel, often repeated, and can cause childhood trauma. Trauma that is real and lasting. Trauma that can happen at any age. Kids who are bullied are more than two and a half times more likely to attempt suicide.

To understand what might be happening to a child, look at bullying through their eyes. And if you see signs of childhood trauma—fear, anger, depression or distress—you can do something.

There is help, and there is hope. Learn more at
